Contextualising psychoanalytic psychotherapy within contemporary cultures, languages and social identities

Forum: Saturday 10th October 2009

Calcutta House, at 11:15, in room CM1-13 (first floor).

Darian Leader on State Regulation

We are pleased to be able to inform members and students that Darian Leader, author of *The New Black*, is coming to talk to us about state regulation. Darian is a member of the Alliance Against State Regulation and he has agreed to come and speak to us about the impact of various Government initiatives, (IAPT, SfH, NICE, HPC etc.).

This will be a great opportunity to hear Darian explain in some detail the impact that these, quite baffling and intertwined initiatives, are going to have on our profession.

It looks to be a lively meeting!

We look forward to seeing you all there.

For non-IPSS members there will be a nominal charge of £10 per delegate.

PLEASE NOTE:

LMU will need a list of those attending. Please email Denise info@ipss-psychotherapy.org with this information by lunchtime Friday 9th October.

The Process group will follow the Forum.

Looking forward to seeing you on the 10th!
